

### Powerful Performance, Built for security and reliability

Fast is an understatement: Power through intensive tasks easily with the Neptune BCDT04-NRA's Intel 7th Generation Core Processor options enabled for fast and stable performance.

The small form factor tower workstation is the world's most compact small form factor design. The Platinum-rated PSU has a smaller design that leaves a reduced environmental footprint.

Easily store and access large, complex IP video data with the speed and reliability of up to 64GB of DDR4 2400 MHz memory.
