Register Your Test Equipment and Extended Care Plan at

aem-test.com/myaccount

* All clients receive free minor updates for their test equipment and TestDataPro results management software.

** Damaged test adapter/s must be returned in order to receive replacement. Replacements are granted once per year.

Fiber Optic test adapter replacement applies only when Extended Care is purchased for a TestPro Kit that includes the Fiber Optic test adapters, or when Extended Care is purchased along with stand-alone Fiber Optic test adapter purchase.
