

16-Port Fast Ethernet Switch

Product OverviewThe FSW-1650 switch provides an ideal solution for small businesses that demand a reliable network switch that provides a high bandwidth interface between file servers and workgroups, departments and offices.
Advanced Networking FeaturesThe LevelOne FSW-1650 is a wire-speed, nonblocking 16 port Fast Ethernet Unmanaged Switch with an internal power supply. It provides a network with an 8K MAC address table, 3.2Gbps backplane throughput, asymmetrical flow-control support for full-duplex network connectivity, auto-negotiation and Auto-MDIX. The 16-port Fast Ethernet Switch utilizes packetstore- and forwarding switching for error-free data transmissions and IEEE802.3x backpressure flow control to control data flow between the sending and receiving nodes as well as to prevent any data packet loss.

Compact DesignThe FSW-1650 is a compact designed network switch. Users can place the switch on any desktop area or mount it in a 19-inch server rack or cabinet by using the included rack-mounting accessory kit.
Quick Configuration and Easy MaintenanceThe LevelOne FSW-1650 does not require any software configuration. It is Plug-and-Play enabled for quick set-up and immediate use within the Local Area Network. The 16 port Faster Ethernet Switch is equipped with a full range of LEDs for instant error detection, networking monitoring and networktroubleshooting.

Key Features

- Provides flexibility of 24 x 10/100BASE-TX ports
- 10/100Mbps, full/half-duplex, auto-negotiation, auto-MDI/MDIX
- Supports 8K MAC address auto-learning and auto-aging
- IEEE 802.3x Flow Control protects against lost packets for reliable data transmission
- 19-inch metal housing

Specifications

System Specifications

Standards & Protocols:

IEEE802.3(10BASE-T),
IEEE802.3u(100BASE-T),
IEEE802.3az Energy Efficient Ethernet

Buffer Memory:

2MB

Connectors and Cabling:

Full Shielded

Indicator:

Power, LINK/ACT,100M

Transmission Method:

Store- forward

Power Input:

100-240V/AC

Power Consumption:

6.6W

Features

General:

16port10/100Mbps

Performance

Backplane (Gbps):

3.2Gbps

MAC Address Table:

8K

Packet Forwarding Rate:

14880pps

Jumbo Frame (K):

2KB

Environment

Temperature (°C):

0-40°C

Humidity (Non-condensing):

10%~90%

Physical Specifications

Dimensions (W x D x H mm):

440 x 208 x 44

Approval and Compliance

EMI/EMS:

CE/FCC
